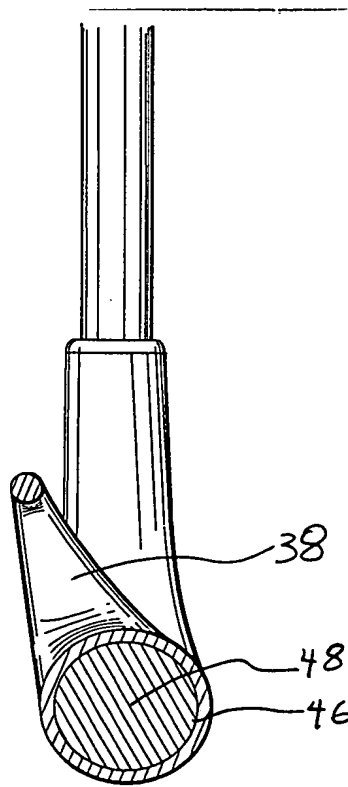

Fig. 13

This diagram shows a cross-sectional view of a golf club head assembly. A shaft (43) is attached to a hosel (37). The club head (38) features a soleplate (46) with a series of vertical grooves (48). A heel cap (39) is positioned at the heel of the club head, and a heel pin (41) is shown passing through it. The hosel (37) and soleplate (46) are indicated by diagonal hatching, while the heel cap (39) and heel pin (41) are shown with different hatching patterns.
